TACK COAT
Best Practices WORKSHOP

MoDOT Central District Headquarters - Muri Room
1511 Missouri Blvd, Jefferson City, MO 65109

DATE: Wednesday, January 20th, 2016
TIME: 10:00 am – 3:00 pm
FEE: No charge Pre-Registration Required
PDH’s: 4

DESCRIPTION
The workshop offers owners and contractor field staff more about the latest in tack coat technologies and best practices and emphasizes the importance of providing a long lasting bond between asphalt layers.

TOPICS INCLUDE
• Importance of Tack Coats
• New Materials
• Application Rate and Temperature
• Tack Coat Materials Selection and Handling
• Tack Coat Specifications and Manuals
• Quality and Inspection
• Testing and Best Practices

OUTCOMES
At the conclusion, participants will be able to:
• Identify best practices for reliable tack coats.

Who Can Benefit?
• Contractors
• Material Subs and Suppliers
• Project Inspectors
• Specification Writers
The successful adoption of these improvements will need to be a team effort; therefore both agencies and contractors are the target audience.
